1200 King County  
Courthouse  
516 Third Avenue  
Seattle, WA 98104

## Meeting Agenda

### King County Flood Control District Executive Committee

*Boardmembers: Reagan Dunn, Chair; Larry Gossett, Vice Chair; Kathy Lambert,  
Julia Patterson*

---

3:00 PM

Monday, August 27, 2012

SW Conference Room

---

1. Call to Order
2. Roll Call
3. Approval of Minutes of July 23, 2012 **page 3**
4. **Financial Report**

*Horace Francis, District Accountant*

#### Items for Final Action by Executive Committee

5. Approval of invoices **page 7**
6. WRIA projects approval **page 129**
7. Briscoe levee third-party review update **page 135**

#### Manager Reports

8. Mark Isaacson, Director, Water and Land Resources Division
9. Communications Report **page 147**  
*Kris Faucett, Cocker Fennessy*
10. Kjris Lund, Executive Director **page 149**

*Sign language and communication material in alternate formats can be arranged given sufficient notice (296-1000).  
TDD Number 296-1024.  
ASSISTIVE LISTENING DEVICES AVAILABLE IN THE COUNCIL CHAMBERS.*

11. Other Business

12. Adjournment

## Meeting Minutes - Draft King County Flood Control District Executive Committee

*Boardmembers: Reagan Dunn, Chair; Larry Gossett, Vice  
Chair; Kathy Lambert,  
Julia Patterson*

---

3:00 PM

Monday, July 23, 2012

SW Conference Room

---

1. **Call to Order**

*The meeting was called to order at 3.32 p.m.*

2. **Roll Call**

**Present:** 4 - Mr. Gossett, Ms. Lambert, Mr. Dunn and Ms. Patterson

3. **Approval of Minutes of June 25, 2012**

*The Chair asked for any additions, corrections or deletions to the minutes of June 5, 2012, as presented. There were no additions, corrections or deletions and the minutes were approved unanimously.*

4. **Financial Report**

*Horace Francis, District Accountant, reported on the financial statements for January through April, 2012.*

*Mark Isaacson, Director, Water and Land Resources Division, answered questions of the committee.*

### Items for Final Action by Executive Committee

5. Approval of invoices

*Kjris Lund, Executive Director, reported on the invoices: Inslee Best (June 2012 - General \$3,154.79; June 2012 - Reddington Levee \$450.50); and Cocker Fennessy (June 2012 \$2,320.39). She noted that the charge for \$371 should be ignored.*

*Rick Bautista, District staff, reported on the Lund Consulting invoices (June 2012 \$16,100.00; expenses May - July 2012 \$132.01).*

*Boardmember Patterson moved to approve the invoices as presented. The motion passed unanimously.*

## Briefings

6. WRIA 2012 Grant Requests

*Mr. Isaacson began the discussion on WRIA 2012 grant requests. introduced Ken Pritchard, who is grant administrator for opportunity fund and WRIA funding.*

*Karen Bergeron (WRIA 9 Green Duwamish Central Puget Sound watershed), Jason XXX (WRIA 8 Lake Washington, Cedar Sammamish watershed) and Perry Falcone (WRIA 7 Snoqualmie watershed), made a PowerPoint presentation on the cooperative watershed management grant process and the WRIA fora.*

7. Interlocal Agreement for 2013

*Ms. Lund briefed the committee on the negotiations between the District and King County for the new interlocal agreement. Issues involve calculation of overhead; discussions between King County and the executive director; communications for the District; format for invoices from the County; interest payments; advance payments; consolidation of the District and the County; and transfer of property ownership.*

## Manager Reports

8. Mark Isaacson, Director, Water and Land Resources Division

*Mr. Isaacson reported on possible issues with the capital budget.*

9. Kjrj Lund, Executive Director

*Ms. Lund briefed the committee on the negotiations between the District and King County for the new interlocal agreement. Issues involve calculation of Ms. Lund reported on insurance reserves and retention. She also reported on a letter from the City of Kent relating to the Briscoe-Desimone levee.*

*After discussion, the Chair directed Ms. Lund to begin the process of obtaining a consultant to advise the District on this issue.*

10. **Other Business**

*There was no other business to come before the committee.*

11. **Adjournment**

*The meeting was adjourned at 4:37 p.m.*

Program Subtotal:		\$4,146.47	\$18,619,506	\$3,272,975	18%	\$5,501,393	\$0	
Total: White River		\$37,158.64	\$33,935,468	\$4,752,059		\$11,108,530	\$0	
Expense Subtotal:		\$0.00						
Construction Work in Progress Subtotal:		\$37,158.64						
Total This Billing:		\$120,294.77					\$0	
Expense Subtotal:		\$0.00						
Construction Work in Progress Subtotal:		\$120,294.77						

The capital supplemental billings request reimbursement for costs incurred, but not included in the original capital billings for January through May. Those billings omitted costs classified as "Construction Work in Progress"-- costs incurred for projects that produce fixed assets (e.g. large levee reconstruction), as opposed to costs that are immediately expensed (e.g. repairs to existing levees, planning studies, fee simple acquisition.)

# Flood District Operating Billing: June 2012

18-Jul-12

Description	2012 Adopted Budget	2011 Contract Carryovers	Current Month's Expenditures	Year to Date Expenditures	Percent Expended	Notes
Annual Maintenance	\$1,478,481	\$117,000	<b>\$74,144.49</b>	\$408,200.58	26%	
Flood Hazards Plan, Grants, Outreach	\$485,268	\$0	<b>\$152,993.48</b>	\$626,717.05	129%	1
Flood Hazard Studies, Maps, Technical Services	\$1,172,787	\$522,641	<b>\$8,200.90</b>	\$273,464.56	16%	
Flood Preparation, Flood Warning Center	\$463,757	\$0	<b>\$5,425.97</b>	\$191,259.96	41%	
Program Management, Supervision, Finance, Budget	\$580,620	\$7,961	<b>\$84,380.72</b>	\$403,122.68	68%	
Program Implementation	\$2,499,228	\$11,628	<b>\$150,108.95</b>	\$1,333,079.76	53%	2
Overhead / Central Costs	\$1,688,548	\$0	<b>(\$103,950.50)</b>	(\$721,769.25)	-43%	3
Total	\$8,368,689	\$659,230	<b>\$371,304.01</b>	\$2,514,075.34	28%	

## Notes:

- 1) The high rate of expenditure for this category is due to intensive staff work finalizing the draft update of the Flood Hazard Management Plan.
- 2) This category contains ~\$310K of capital expenditures erroneously classified as operating in the accounting system. These charges will be reversed in the coming months.
- 3) The negative expenditures under "Overhead" are reimbursements from the capital fund to the operating fund for staff labor loaned-out to capital projects. The item will be a net positive expenditure once the main overhead payment is made.

<b>Total</b>	<b>\$8,368,689</b>	<b>\$659,230</b>	<b>\$1,242,560.47</b>	<b>\$3,758,506.60</b>	<b>42%</b>	

## Notes:

1) The high rate of expenditure for this category is due to intensive staff work finalizing the draft update of the Flood Hazard Management Plan.

2) The year-to-date expenditure in this category contains ~\$310K of capital expenditures erroneously classified as operating in the accounting system. These charges will be reversed to the capital fund in the August 2012 billing.

3) The negative expenditures under "Overhead" are reimbursements from the capital fund to the operating fund for staff labor loaned-out to capital projects. The item will be a net positive expenditure once the main overhead payment is made.

**206.296.6519** Fax 206.296.0192  
TTY Relay: 711

August 6, 2012

Horace Francis  
Horace Francis & Company  
701 Dexter Avenue North, Suite 404  
Seattle, WA 98109

Dear Horace:

In 2008, the South West Lake Sammamish Flood Control Zone District Fund (F195550010) was closed out. The remaining fund balance was transferred into the King County Flood Control District Fund (190010010). An agreement was signed May 15, 2012 to transfer these funds, minus maintenance costs, to the City of Bellevue.

This is a time-sensitive issue. King County's agreement with the City of Bellevue was signed on May 15, 2012, and we have 90 days to deliver our check to the City, or August 15, 2012.

Anne Noris, Clerk of the Council is aware of this request. We have enclosed a copy of the May 15, 2012, agreement between the King County Flood Control District, King County, and the City of Bellevue.

Please prepare a check drawn from the King County Flood Control District Fund (190010010) for the amount of \$139,863.39. That figure was calculated as follows:

+ \$178,663.59	Remaining Balance
< <u>\$38,800.20</u> >	Maintenance Expenses
= \$139,863.39	Check Request

The maintenance costs include the following items:

PROJECT NUMBER	PROGRAM	FACILITY NAME WLS & SWLS Flood Control District	LIFE COST
DR0900	Maintenance	LS-3 SWLSFCZD	\$ 6,677.30
DR0902	Maintenance	Meerwood	\$ 497.55
DR0904	Maintenance	LS-6 SWLSFCZD	\$ 253.15
DR0582	Maintenance	Vasa Park	\$ 22,570.11
DR0501	Maintenance	Eastgate Drainage Outfall	\$ 8,802.09
Total Maintenance			\$ 38,800.20

**INTERLOCAL AGREEMENT BETWEEN THE KING COUNTY FLOOD CONTROL DISTRICT, KING COUNTY, AND THE CITY OF BELLEVUE TO TRANSFER ASSETS AND RESPONSIBILITIES OF THE FORMER SOUTH WEST LAKE SAMMAMISH FLOOD CONTROL ZONE DISTRICT**

This Agreement is made and entered into by the King County Flood Control District (hereinafter, "KCFCD"), the City of Bellevue (hereinafter, "Bellevue"), and King County, Washington (hereinafter, "King County"), collectively known as the "Parties," for the purposes of: 1) transferring to Bellevue any storm water related real property interests and responsibility for drainage facilities within the boundaries of the former South West Lake Sammamish Flood Control Zone District (hereinafter, "SWLSFCZD") located within the Bellevue municipal boundaries; 2) transferring to King County any storm water related real property interests and responsibility for drainage facilities within the boundaries of the former SWLSFCZD that are located outside the municipal boundaries of the City of Bellevue; and 3) transferring financial assets of the former SWLSFCZD to Bellevue.

WHEREAS, the SWLSFCZD was formed pursuant to RCW 86.15 in June 1964 through adoption of Resolution 28067 by the King County Board of Commissioners, see Exhibit One, attached to this Agreement and incorporated herein; and

WHEREAS, revenues and taxes were collected by the SWLSFCZD and were used to further the purposes of the SWLSFCZD, including the construction and maintenance of a number of storm water control facilities, and some portion of the revenues remains unspent; and

WHEREAS, on April 25, 2007, the King County Council enacted ordinance 15728, which ordered the formation of the KCFCD and dissolved all previously existing flood control districts in King County, including the SWLSFCZD; and

WHEREAS, as a result of the enactment of ordinance 15728, the responsibilities and assets of the SWLSFCZD were transferred to the KCFCD; and

WHEREAS, the area of the former SWLSFCZD contains portions of both Bellevue and King County, which have storm water management regulations and programs that address storm water conveyance and have financing mechanisms to fund the programs; and

WHEREAS, the original purposes for which the SWLSFCZD was originally established can now be satisfied by the storm water programs of Bellevue and King County, and the Parties desire that the responsibilities of the former SWLSFCZD, and all of its facilities, funds, and property interests, be transferred to Bellevue or King County; and

WHEREAS, the Parties agree that any storm water related real property interests that are owned by King County within both the former SWLSFCZD's boundaries and Bellevue's municipal boundaries should also be transferred to Bellevue; and

WHEREAS, the Parties agree that any documentation that may be in the possession of King County or KCFCZD related to the storm water facilities and real property interests formerly owned by the SWLSFCZD, or currently owned by King County, within both the boundaries of the former SWLSFCZD and the municipal boundaries of Bellevue, should be transferred to Bellevue; and

WHEREAS, pursuant to RCW 39.34, the Interlocal Cooperation Act, the Parties are each authorized to enter into an agreement for cooperative action;

NOW THEREFORE, the Parties agree to the following:

I. Purpose.

The purpose of this Agreement is to provide for the transfer of responsibilities and assets of the former SWLSFCZD to Bellevue and King County, as a result of the abolishment of the SWLSFCZD.

Bellevue shall receive ownership of those storm water facilities and title to those storm water related real property interests that are within both its municipal boundaries and the former boundaries of the SWLSFCZD, and King County shall receive ownership of those storm water facilities and title to those storm water related real property interests that are within both the former boundaries of the SWLSFCZD and outside the municipal boundaries of Bellevue. Bellevue shall also receive any storm water related facilities and real property interests that are currently owned by King County and are within both the boundaries of the former SWLSFCZD and Bellevue's municipal boundaries.

Any currently remaining funds of SWLSFCZD are to be disbursed as hereinafter set forth in Article V. of this Agreement.

The Parties hereby agree that all obligations and responsibilities of the former SWLSFCZD for operation and maintenance of storm water facilities shall be assumed by

Bellevue, if located within Bellevue's municipal boundaries, or by King County if located outside Bellevue's municipal boundaries.

**II. Administration.**

The Parties shall each appoint one representative to a Project Management Team (hereinafter, the "PMT") composed of one King County staff member designated by the Director of the King County Water and Land Resources Division, one member from the KCFCFD designated by the Executive Director of the District, and one Bellevue staff member designated by the Director of the Bellevue Utilities Department. The PMT will use consensus to reach agreement concerning administrative matters, including the execution of the terms of this Agreement. In the event that the PMT cannot reach consensus on an issue, the issue must first be forwarded to the appointing Directors and KCFCFD Executive Director for resolution prior to the commencement of any legal action.

**III. Transfer of Facilities and Property Interests Held by the Former SWLSFCZD.**

The following terms shall govern the transfer of the storm water facilities and real property interests formerly held by the SWLSFCZD and currently held by the KCFCFD:

- A. Exhibit One (1) contains a legal description of the former SWLSFCZD boundaries.
- B. Exhibit Two (2) provides a list of known former SWLSFCZD facilities located within the municipal boundaries of Bellevue. The Parties acknowledge that Exhibit Two (2) is not, nor is it intended to be, a comprehensive and complete inventory of former SWLSFCZD facilities within the boundaries of Bellevue, but was prepared by King County staff members according to the information on SWLSFCZD facilities available to them. By including Exhibit Two (2) as an attachment to this Agreement, the Parties do not intend to condition or qualify the terms governing the transfer of former SWLSFCZD facilities and real property interests contained in Article III of this Agreement.
- C. Exhibit Three (3), attached to this Agreement and made a part hereof, represents the form of the quitclaim deed whereby the KCFCFD and King County will each transfer

to Bellevue ownership of their respectively owned real property interests associated with storm water drainage facilities and uses located within both the former SWLSFCZD boundaries and Bellevue municipal boundaries. Exhibit Three (3) also represents the form of the quitclaim deed whereby the KCFCD will transfer to King County ownership of real property interests formerly held by the SWLSFCZD and outside the municipal boundaries of Bellevue.

- D. Exhibit Four (4), attached to this Agreement and made a part hereof, provides: (4a.) a list of plats within Bellevue that may contain easements for the benefit of King County and/or the former SWLSFCZD, and (4b.) a list of identified easements for the benefit of King County and/or the former SWLSFCZD within Bellevue.
- E. Exhibit Five (5), attached to this Agreement and made a part hereof, provides a list of plats that may contain easements for the benefit of King County and/or the SWLSFCZD not within Bellevue.
- F. Upon execution of this Agreement, all facilities formerly owned by the SWLSFCZD that are within the municipal boundaries of Bellevue, including the facilities identified and described in Exhibit Two (2), attached to this Agreement and made a part hereof, shall be transferred to Bellevue. Within ninety (90) days after the execution of this Agreement, deeds, in the form of the quitclaim deed attached hereto as Exhibit Three (3), transferring title to the real property interests formerly owned by the SWLSFCZD and now held by the KCFCD, and within the boundaries of Bellevue, including the real property interests identified and described in Exhibit Four (4), attached to this Agreement and made a part hereof, shall be delivered to Bellevue as grantee.
- G. Upon execution of this Agreement, all facilities formerly owned by the SWLSFCZD that are outside the municipal boundaries of Bellevue shall be transferred to King County. Within ninety (90) days after the execution of this Agreement, deeds transferring title to the real property interests formerly owned by the SWLSFCZD and outside the boundaries of Bellevue, including the real property interests identified and

described in Exhibit Five (5), attached to this Agreement and made a part hereof, shall be delivered to King County as grantee.

- H. Nothing contractual herein shall require Bellevue or King County to operate or maintain any particular facility acquired pursuant to the Agreement. Once a facility has been transferred to Bellevue or King County, such party shall have complete discretion with regard to the management and operation of such facility.

**IV. Disbursement of Funds.**

Within ninety (90) days after the execution of this Agreement by all Parties, all remaining operating funds of the former SWLSFCZD currently held by the KCFCZD shall be disbursed to the Parties as follows:

1. Any outstanding expenses, invoices and claims of the former SWLSFCZD, including any currently outstanding costs of maintenance incurred by King County for maintenance performed on former SWLSFCZD facilities, shall be paid out first to King County from former operating funds of the SWLSFCZD.
2. All remaining funds shall be paid to Bellevue to be used for surface water management operations and maintenance expenditures.

**V. Transfer of Real Property Interests Currently Owned by King County and Documentation of District Facilities.**

- A. Upon execution of this Agreement, King County shall transfer to Bellevue ownership of any storm water drainage real property interests and related facilities located within both the boundaries of the former SWLSFCZD and the Bellevue municipal boundaries that are currently owned by King County.

Within ninety (90) days after the execution of this Agreement, King County shall deliver to Bellevue deeds, in the form of the quitclaim deed attached hereto as Exhibit Three (3), to these real property interests and facilities, including the real property interests identified in Exhibit Four (4), that are currently owned by King County.

- B. Within ninety (90) days after the execution of this Agreement, King County Water

and Land Resources Division, on behalf of the KCFCDD, shall provide to Bellevue copies of the documentation it possesses regarding ongoing operations and maintenance of former SWLSFCZD facilities and real property interests, and/or those for which title is held in King County's name, for the storm water facilities and storm water related real property interests located within Bellevue municipal boundaries. Bellevue shall retain such documentation for a period of not less than seven (7) years.

- C. Nothing contractual herein shall require Bellevue to operate or maintain any particular facility acquired pursuant to the Agreement. Once a facility has been transferred to Bellevue, Bellevue shall have complete discretion with regard to the management and operation of such facility.

**VI. Effectiveness, Duration, Termination and Amendment.**

- A. This Agreement shall become effective upon signature by the last party hereto and shall remain in effect until the completion of transfer to Bellevue and King County of all responsibilities, funds, facilities and property interests of the former SWLSFCZD and those storm water related real property interests that are within both the boundaries of the former SWLSFCZD and the Bellevue municipal boundaries that are currently owned by King County.
- B. This Agreement may be amended, altered, clarified, or extended only by the written agreement of the Parties hereto.
- C. This Agreement is not assignable by any Party, either in whole or in part.
- D. This Agreement is the complete expression of the terms hereto and any oral or written representations or understandings not incorporated herein are excluded. The Parties recognize that time is of the essence in the performance of the provisions of this Agreement. Waiver of any default shall not be deemed to be waiver of any subsequent default. Waiver of breach of any provision of this Agreement shall not be deemed to be a waiver of any other or subsequent breach and shall not be construed to

be a modification of the terms of the Agreement unless stated to be such through written approval by the Parties which shall be attached to the original Agreement.

- E. Nothing herein shall be construed as obligating the Parties to expend money in excess of appropriations authorized by law and administratively allocated for this work.

**VII. Counterparts.**

This Agreement may be executed in counterparts.

**VII. Indemnification and Hold Harmless.**

- A. As among the three parties, King County shall not have any liability arising out of King County's ownership of any storm water drainage property interests and related facilities located within both the boundaries of the former SWLSFCZD and the Bellevue municipal boundaries that arise from acts and/or omissions occurring after the recording of the quitclaim deeds to be delivered to Bellevue pursuant to Article V.
- B. As among the three parties, Bellevue shall not have any liability arising out of SWLSFCZD's, KCFCZD's and/or King County's ownership of any storm water drainage property interests and related facilities located within both the boundaries of the former SWLSFCZD and the Bellevue municipal boundaries that arise from acts and/or omissions occurring before the recording of the quitclaim deeds to be delivered to Bellevue pursuant to Articles III and V.
- C. As among the three parties, KCFCZD shall not have any liability arising out of KCFCZD's ownership of any storm water drainage property interests and related facilities located within both the boundaries of the former SWLFCZD and the Bellevue municipal boundaries that arise from acts or omissions occurring after the recording of the quitclaim deeds to be delivered to Bellevue pursuant to Article III.
- D. Subject to the provisions of Paragraphs A, B, and C of this Article, each of the Parties shall protect, defend, indemnify, and save harmless the other Parties and each of

them, their officers, officials, employees, and agents, while acting within the scope of their employment as such, from any and all costs, claims, judgments, and/or awards of damages, arising out of, or in any way resulting from, each of the Parties' own negligent acts or omissions. Each of the Parties agrees that its obligations under this subparagraph extend to any claim, demand, and/or cause of action brought by, or on behalf of, any of its employees or agents. For this purpose, each of the Parties, by mutual negotiation, hereby waives, with respect to the other Parties only, any immunity that would otherwise be available against such claims under the Industrial Insurance provisions of Title 51 RCW.

- E. In the event that any of the Parties incurs any judgment, award, and/or cost arising therefrom, including attorneys' fees, to enforce the provisions of this Article, all such fees, expenses, and costs shall be recoverable from the responsible Party to the extent of that Party's fault.
- F. The terms of this section shall survive termination of this Agreement.

IN WITNESS WHEREOF, the Parties hereto have executed this agreement effective as of the date of the last signature below.

RESOLUTION

Exhibit One

No. 28067

WHEREAS, there has been presented to the Board of County Commissioners of King County, Washington, requests for the formation of a district to improve the flood control and drainage facilities in a large area on the South West Side of Lake Sammamish, and an engineering study has shown that improvement of the flood control and drainage facilities is vitally needed, and

WHEREAS, the engineering studies indicate that a comprehensive system of drainage pipes, catch basins, manholes, and outfall facilities are necessary to control storm water flow, and to prevent damage to property in the proposed zone district, and

WHEREAS, the said engineering studies indicate that the formation of a Flood Control District Zone is necessary to contend with the abovementioned drainage problems and will be conducive to the public health, convenience and welfare, now, therefore,

BE IT RESOLVED by the Board of County Commissioners of King County, Washington that the South West Lake Sammamish Flood Control Zone District be and is hereby declared to be formed and the boundaries of this District be declared as follows:

✓ BEGINNING at the intersection of the westerly shore line of Lake Sammamish with the East and West centerline of Section 1, T24N, R5E, W.M.;

✓ thence westerly along said East and West centerline to the west margin of 168th Ave. S.E.;

✓ thence continuing westerly along the south line of Lots 9, 8 and 7 of Block 6 of the plat of Robinsglen No. 2 as recorded in Volume 60 of Plats, page 98, Records of King County, Washington, to the southwest corner of said Lot 7;

✓ thence northerly along the west line of said Lot 7 to the northwest corner thereof;

✓ thence westerly along the southerly margin of S.E. 16th Street to an intersection with the southerly extension of the west line of Lot 9, Block 4 of said plat of Robinsglen No. 2;

✓ thence northerly along said extension and the west line of said Lot 9 and the west line of Lot 4 of said Block 4 to the northwest corner of said Lot 4;

✓ thence northerly across S.E. 15th Street to the southwest corner of Lot 20, Block 2 of said plat of Robinsglen No. 2;

✓ thence northerly along the west line of Lots 20 and 4 of said Block 2 to the northwest corner of said Lot 4;

thence westerly along the south margin of S.E. 14th Street to the east line of Section 2, T24N, R5E, W.M.;

thence northerly along said east line to an intersection with a line parallel to and 400 feet southerly of the north line of the

SE $\frac{1}{4}$  of the NE $\frac{1}{4}$  of said Section 2;  
 ✓ thence westerly along said parallel line to the east line of the NW $\frac{1}{4}$  of the SE $\frac{1}{4}$  of the NE $\frac{1}{4}$  of said Section 2;  
 ✓ thence northerly along said east line to the north line of the SE $\frac{1}{4}$  of the NE $\frac{1}{4}$  of said Section 2;  
 ✓ thence westerly along said north line to the centerline of 160th Ave. S.E.;  
 thence northerly along said centerline to an intersection with the easterly extension of the south line of Lot 18, Block 4 of the plat of Lake Hills No. 1 as recorded in Volume 56 of Plats, pages 86, 87 and 88, Records of King County, Washington;  
 thence westerly along said extension and the south line of said Lot 18 to the southwest corner thereof;  
 thence southerly along the west line of Lot 19 of said Block 4 to the southwest corner of said Lot 19;  
 thence westerly along the north line of Lots 21 and 22 of said Block 4 to the northwest corner of said Lot 22;  
 thence southerly along the westerly line of said Lot 22 to the southwest corner thereof;  
 thence southerly across 158th Place S.E. to the northwest corner of Lot 15, Block 5 of said Plat of Lake Hills No. 1;  
 thence southerly along the westerly line of said Lot 15 to the southwest corner thereof;  
 thence easterly along the north line of Lots 23, 22 and 21 of said Block 5 to the northeast corner of said Lot 21;  
 thence southerly along the east line of said Lot 21 and the southerly extension thereof to the centerline of S.E. 12th Place;  
 thence easterly along the centerline of said S.E. 12th Place to the west margin of 160th Avenue S.E.;  
 thence southerly along said west margin of 160th Avenue S.E. to an intersection with the north line of the South  $\frac{1}{2}$  of the SW $\frac{1}{4}$  of the NE $\frac{1}{4}$  of said Section 2;  
 ✓ thence westerly along said north line to the northwest corner of said South  $\frac{1}{2}$  of the SW $\frac{1}{4}$  of the NE $\frac{1}{4}$ , which point is on the centerline of 156th Avenue S.E.;  
 ✓ thence southerly along said centerline of 156th Avenue S.E. to the centerline of S.E. 16th Street;  
 ✓ thence westerly along said centerline of S.E. 16th Street to the centerline of 150th Avenue S.E.;  
 ✓ thence southerly along said centerline of 150th Avenue S.E. to the centerline of S.E. 18th Street;  
 ✓ thence westerly along the westerly extension of said centerline of S.E. 18th Street to the westerly margin of 150th Avenue S.E.;  
 ✓ thence southerly along said westerly margin of 150th Avenue S.E. to an intersection with the north line of the South  $\frac{1}{2}$  of the SW $\frac{1}{4}$  of the NW $\frac{1}{4}$  of the SW $\frac{1}{4}$  of said Section 2;  
 thence west along said north line a distance of 100 feet;  
 thence southerly on a line 100 feet west of and parallel to the west margin of 150th Avenue S.E. to an intersection with the north margin of S.E. 22nd Street;  
 thence easterly along said north margin of S.E. 22nd Street to the centerline of 151st Avenue S.E.;  
 thence southerly along said centerline of 151st Avenue S.E. to the south margin of S.E. 22nd Street;  
 thence easterly along said south margin of S.E. 22nd Street to a point which is 90 feet west of the west margin of 151st Place S.E.;  
 thence southerly on a line which is 90 feet west of and parallel with said west margin of 151st Place S.E. to the south line of said Section 2;

✓ thence westerly along said south line of Section 2 to a point which is 300 feet west of the S.E. corner of the SW $\frac{1}{4}$  of the SW $\frac{1}{4}$  of said Section 2;  
 ✓ thence south on a line 300 feet west of and parallel to the east line of the NW $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 11, T24N, R5E, W.M., to an intersection with the north line of the South  $\frac{1}{2}$  of said NW $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 11;  
 ✓ thence easterly along said north line 100 feet;  
 ✓ thence south on a line 200 feet west of and parallel with said east line of the NW $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 11 to the south line of said NW $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 11;  
 ✓ thence east along said south line of the NW $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 11, 50 feet;  
 ✓ thence south on a line 150 feet west of and parallel to the east line of the SW $\frac{1}{4}$  of the NW $\frac{1}{4}$  of said Section 11 to the south line of said SW $\frac{1}{4}$  of the NW $\frac{1}{4}$ ;  
 ✓ thence west along said south line of the SW $\frac{1}{4}$  of the NW $\frac{1}{4}$  to an intersection with the northerly extension of the centerline of the overpass structure of the Eastgate Interchange which is part of 150th Avenue S.E.;  
 ✓ thence southerly along said extension and said overpass centerline to an intersection with the north margin of S.E. 37th Street;  
 ✓ thence westerly along said north margin of S.E. 37th Street to an intersection with the northerly extension of the westerly line of Lot 3, Block 8 of the Plat of Eastgate Addition Division "G" as recorded in Volume 54 of Plats, Pages 18 and 19, Records of King County, Washington;  
 ✓ thence southerly along said extension and the westerly line of said Lot 3 to the southwest corner thereof;  
 ✓ thence southeasterly along the southwesterly lines of said Lot 3 and Lots 4 and 5 of said Block 8 and the southeasterly extension of the southwesterly line of Lot 5 to the southeast margin of Eastgate Drive;  
 ✓ thence easterly along said southeast margin of Eastgate Drive and across 148th Avenue S.E. to the northwest corner of Lot 4, Block 1, of said Eastgate Addition Division G;  
 ✓ thence southerly along the west line of said Lot 4 to the southwest corner thereof;  
 ✓ thence easterly along the south line of said Lot 4 to the southeast corner thereof;  
 ✓ thence southerly along the east line of Lot 5 of said Block 1 to the southeast corner of said Lot 5;  
 ✓ thence westerly along the south line of said Lot 5 to the southwest corner thereof;  
 ✓ thence southwesterly along the northwesterly line of Lots 6, 7, 8 and 9 of said Block 1 to the westernmost corner of said Lot 9;  
 ✓ thence southeasterly along the northeast line of Lot 10 of said Block 1 to the easternmost corner of said Lot 10;  
 ✓ thence southwesterly along the southeast line of Lots 10, 11, 12, 13, 14, 15 and 16 of said Block 1 to the north line of Lot 18 of Block 2 of Eastgate Addition Division "E" as recorded in Volume 53 of Plats, pages 41 and 42, Records of King County, Washington;  
 ✓ thence westerly along the north line of said Lot 18 to the northwest corner thereof;  
 ✓ thence southerly along the west line of said Lot 18 and of Lot 19 of said Block 2 to the southwest corner thereof;  
 ✓ thence southwesterly along the northerly line of Lots 22 and 23 of said Block 2 to the northwest corner of said Lot 23;  
 ✓ thence southerly along the easterly line of Lots 1, 2 and 3 of said Block 2 to the southeast corner of said Lot 3;  
 ✓ thence westerly along the southerly line of said Lot 3 to the southwest corner thereof, which point is on the easterly margin of 146th Avenue S.E.;

28067

✓ thence southerly along said easterly margin of 146th Avenue S.E. to an intersection with the southerly margin of Allen Road;  
 ✓ thence northeasterly along said southerly margin of Allen Road to the northernmost corner of Lot 13, Block 3 of said Eastgate Addition Division "E";  
 ✓ thence southeasterly along the northeast line of said Lot 13 to the easternmost corner thereof, which point is on the westerly line of Lot 10, Block 3, of the Plat of Eastgate Addition Division "A" as recorded in Volume 51 of Plats, page 84, Records of King County, Washington;  
 ✓ thence northeasterly along the northwesterly line of Lots 10, 9 and 8 of said Block 3 to the northernmost corner of said Lot 8;  
 ✓ thence southeasterly along the northeasterly line of said Lot 8 and the southeasterly extension thereof to an intersection with the easterly margin of 149th Avenue S.E.;  
 ✓ thence northerly along said easterly margin of 149th Avenue S.E. to the northernmost corner of Lot 15, Block 2, of said Eastgate Addition Division "A";  
 ✓ thence southeasterly along the north line of said Lot 15 to the northeast corner thereof, which point is on the west margin of 150th Avenue S.E.;  
 ✓ thence southerly along said west margin of 150th Avenue S.E. to an intersection with the westerly extension of the north line of Lot 34, Block 1, Eastgate Addition Division "B" as recorded in Volume 52 of Plats, pages 13 through 18, Records of King County, Washington;  
 ✓ thence easterly on said extension and the north line of said Lot 34 to the northeast corner thereof;  
 ✓ thence southerly and southwesterly along the easterly line of Lots 34 and 35 of said Block 1 to the easterly margin of 150th Avenue S.E.;  
 ✓ thence southerly along said easterly margin of 150th Avenue S.E. to the northerly margin of S.E. 43rd Street;  
 ✓ thence southeasterly along the northerly margin of said S.E. 43rd Street to the westerly margin of 151st Avenue S.E.;  
 ✓ thence northerly along said westerly margin of 151st Avenue S.E. to an intersection with the westerly extension of the north line of Lot 10, Block 4, Eastgate Addition Division "D" as recorded in Volume 53 of Plats, pages 34 and 35, Records of King County, Washington;  
 ✓ thence easterly along said westerly extension of the north line of Lot 10 to the northwest corner thereof;  
 ✓ thence southerly along the west line of said Lot 10 and across S.E. 43rd Street to the northwest corner of Lot 10, Block 5, of said Eastgate Addition Division "D";  
 ✓ thence continuing southerly on the west line of said Lot 10 to the southwest corner thereof;  
 ✓ thence easterly along the south line of said Lot 10 to the northwest corner of Lot 18 of said Block 5;  
 ✓ thence southerly along the west line of said Lot 18 to the north margin of S.E. 43rd Place;  
 ✓ thence easterly and southerly along said north margin of S.E. 43rd Place and the east margin of 151st Avenue S.E. to the northeast corner of Lot 8, Block 7, of said Eastgate Addition Division "D";  
 ✓ thence southeasterly along the easterly line of said Lot 8 to the southeast corner thereof;  
 ✓ thence westerly along the south line of said Lot 8 to the northwest corner of Lot 16, Block 1, of the Plat of Eastgate Addition Division "L", as recorded in Volume 55 of Plats, page 47, Records of King County, Washington;

28067

✓ thence southerly along the west line of said Lot 16 to the north margin of S.E. 44th Place;  
 ✓ thence westerly along said north margin of S.E. 44th Place to the southwest corner of Lot 12 of said Block 1;  
 ✓ thence southerly across said S.E. 44th Place to the northwest corner of Lot 1, Block 2, of said Eastgate Addition Division "L";  
 ✓ thence southerly along the west line of said Lot 1 to the north margin of S.E. 45th Street;  
 ✓ thence southwesterly and southerly along said north margin of S.E. 45th Street and the west margin of 150th Avenue S.E. to a point which is 540 feet south of the south line of said Eastgate Addition Division "L";  
 ✓ thence, at right angles, east to the centerline of said 150th Avenue S.E.;  
 ✓ thence southerly along said centerline of 150th Avenue S.E. and along the centerline of 151st Avenue S.E. to the centerline of S.E. 51st Street;  
 ✓ thence westerly along said centerline of S.E. 51st Street to an intersection with the northerly extension of the west line of Lot 14, Block 1, of the Plat of Horizon View Division "A" as recorded in Volume 48 of Plats, pages 44, 45, 46 and 47, Records of King County, Washington;  
 ✓ thence southerly along said extension and the west line of said Lot 14 to the southwest corner thereof;  
 ✓ thence southwesterly to the northernmost corner of Lot 23 of the Plat of Hilltop Community, as recorded in Volume 47 of Plats, pages 28 and 29, Records of King County, Washington;  
 ✓ thence southwesterly along the northwesterly line of said Lot 23 to the easterly margin of 148th Avenue S.E.;  
 ✓ thence southerly along said easterly margin of 148th Avenue S.E. to the southwest corner of said Lot 23;  
 ✓ thence easterly along the south line of said Lot 23 to the southeast corner thereof;  
 ✓ thence southerly along the easterly line of Lot 24 of said Plat of Hilltop Community to the north margin of S.E. 54th Street;  
 ✓ thence easterly, southerly, and westerly along said north margin and the perimeter of the cul-de-sac and the south margin of S.E. 54th Street to the northwest corner of Lot 27 of said Plat of Hilltop Community;  
 ✓ thence southerly along the westerly lines of said Lot 27 to the southernmost corner thereof;  
 ✓ thence southerly along the westerly line of Lot 30 of said Plat of Hilltop Community and the southerly extension thereof to the centerline of S.E. 55th Street;  
 ✓ thence easterly and northeasterly along said centerline of S.E. 55th Street and 151st Avenue S.E. to an intersection with the centerline of 152nd Place S.E.;  
 thence southeasterly along said centerline of 152nd Place S.E. to an intersection with the centerline of 153rd Avenue S.E.;  
 thence northerly along said centerline of 153rd Avenue S.E. and the centerline of 153rd Place S.E. to an intersection with the westerly extension of the north line of Lot 1, Block 3, of the Plat of Horizon View Division "C", as recorded in Volume 56 of Plats, pages 20 and 21, Records of King County, Washington;  
 thence easterly along said westerly extension and the north line of said Lot 1 to the northeast corner thereof;  
 thence east along a line parallel to the south line of the SE $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 23, T24N, R4E, W.M., to the east line of said SE $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 23;  
 thence southerly along said east line to the southeast corner of said SE $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 23;

✓thence easterly along the north line of the NW $\frac{1}{4}$  of the SE $\frac{1}{4}$  of said Section 23 to the northeast corner thereof;  
 ✓thence southerly along the east line of said NW $\frac{1}{4}$  of the SE $\frac{1}{4}$  of said Section 23 to the southeast corner thereof;  
 ✓thence easterly along the north line of the SE $\frac{1}{4}$  of the SE $\frac{1}{4}$  of said Section 23 to the northeast corner thereof;  
 ✓thence continuing easterly along the north line of the South  $\frac{1}{2}$  of the SW $\frac{1}{4}$  of Section 24, T24N, R5E, W.M., to an intersection with the northerly extension of the west margin of 169th Place S.E.;  
 ✓thence southerly along said northerly extension of the west margin of 169th Place S.E. to an intersection with the westerly extension of the south margin of S.E. 60th Street;  
 ✓thence easterly along said westerly extension of and the south margin of S.E. 60th Street to a point which is on a property line, and approximately 700 feet east of the north and south centerline of said SW $\frac{1}{4}$  of Section 24;  
 ✓thence south along said property line to an intersection with the approximate north line of the south  $\frac{1}{2}$  of the SE $\frac{1}{4}$  of the SW $\frac{1}{4}$  of said Section 24;  
 ✓thence east along said approximate north line of the south  $\frac{1}{2}$  of the SE $\frac{1}{4}$  of the SW $\frac{1}{4}$  of Section 24 to an intersection with the west line of the east 330 feet of the SE $\frac{1}{4}$  of the SW $\frac{1}{4}$  of said Section 24;  
 ✓thence south along said west line of the east 330 feet of the SE $\frac{1}{4}$  of the SW $\frac{1}{4}$  of Section 24 to the south line of said Section 24;  
 ✓thence southeasterly on a straight line to a point on the north and south centerline of Section 25, T24N, R5E, W.M., which is 400 feet south of the north line of said Section 25;  
 ✓thence east on a line parallel with the north line of said Section 25 and 400 feet southerly thereof, a distance of 2000 feet;  
 ✓thence southeast on a straight line to a point on the east line of said Section 25 which is 700 feet south of the northeast corner thereof;  
 ✓thence continuing southeast on a straight line to the mid-point of the south line of Government Lot 1 of Section 30, T24N, R6E, W.M.;  
 ✓thence easterly along said south line of Government Lot 1 to the southeast corner thereof;  
 ✓thence north along the east line of said Government Lot 1 of Section 30 to the northeast corner thereof;  
 ✓thence east along the north line of said Section 30 to the north  $\frac{1}{4}$  corner thereof;  
 ✓thence north on the north and south centerline of Section 19, T24N, R6E, W.M. to the north line of the south  $\frac{1}{2}$  of the SE $\frac{1}{4}$  of said Section 19;  
 ✓thence east along said north line of the south  $\frac{1}{2}$  of the SE $\frac{1}{4}$  to the east line of said Section 19;  
 ✓thence continuing east along the south line of the NW $\frac{1}{4}$  of the SW $\frac{1}{4}$  of Section 20, T24N, R6E, W.M., to the southeast corner thereof;  
 ✓thence north along the east line of said NW $\frac{1}{4}$  of the SW $\frac{1}{4}$  of Section 20 to the northeast corner thereof;  
 ✓thence west along the north line of said NW $\frac{1}{4}$  of the SW $\frac{1}{4}$  of Section 20 to the east margin of the Issaquah-Newport Highway;  
 ✓thence northerly along said east margin of the Issaquah-Newport Highway to an intersection with the southerly margin of State Highway No. 2;  
 ✓thence southeasterly along said southerly margin of State Highway No. 2 a distance of approximately 400 feet to the city limits of Issaquah;  
 thence northeasterly across State Highway No. 2 (along said city limit of Issaquah) to the northerly margin of said State Highway No. 2;

157-01-560 28067  
thence N 14° 14' 30" west along said city limits of Issaquah  
to the shore of Lake Sammamish;  
thence northerly along the shoreline of Lake Sammamish to the  
point of beginning;  
together with all Lake Sammamish shorelands adjoining.

BE IT FURTHER RESOLVED that in accordance with R.C.W. 86.15.050,  
the Board of County Commissioners of King County, Washington, be and  
are hereby declared to be the Supervisors of the District and that  
the King County Engineer be declared to be the Engineer for the  
District.

PASSED this 15<sup>th</sup> day of June, 1964.

BOARD OF COUNTY COMMISSIONERS  
KING COUNTY, WASHINGTON

Ed Munro  
Chairman

Leona Wallace  
Commissioner

John T. O'Brien  
Commissioner

**4b. Identified Easements for the Benefit of King County and/or the  
former Southwest Lake Sammamish Flood Control Zone District  
Within the City of Bellevue**

**System LS 3**

1. Right-of-way easement for a drainage pipe (12" in diameter) over, through, across and under the property hereinafter described, situated in King County, Washington, being more particularly described as follows: Beginning at a point 574 feet North and 205 feet West of the S.W. corner of Government Lot 2 in Sec. 14, Twp 24 No., Rge 5 East, W.M. thence West 25 feet; thence North 50 feet; thence West 50 feet; thence North to the North line of said Government Lot 2; thence Ely along said North line of said Government Lot 2 to a point due North of the point of beginning; thence South to the point of beginning; TOGETHER WITH Second Class Shorelands adjoining. EASEMENT – That portion of the above described property included within a strip of land 20 feet in width, being 10 feet on both sides of the following described centerline: beginning at a point which is No. 74 deg. 59 min. 52 sec. West a distance of 243.13 feet from the S.E. corner of said Government Lot 2; thence No. 28 deg. 33' 56 sec. East 45.64 feet; thence No. 7 deg. 41 min. 19 sec West 305.34 feet; thence No. 15 deg. 59 min. 39 sec. East 45.64 feet; thence No. 12 deg. 57 min. 41 sec. East 147.16 feet; then that portion of the above described property included within a strip on land variable in width being 2.5 feet on the North side of the following described centerline: No. 80 deg. 02 min. 19 sec. West 35 feet; thence Sly to the property line 11 feet more or less; thence Ely to point of beginning. Containing: 280 sq. ft. M/L. (Galer – recording no. 7412120366)

2. Right of way easement for a drainage pipe over, through, across and under the property hereinafter described, situated in King County, Washington, said easement being more particularly described as follows: All that portion of the following described Parcels "a" and "B" lying within a strip of land twenty (20) feet wide, being ten (10) feet on each side of a line described as follows: Beginning at a point which is north 74 deg. 59 min. 52 sec. west 243.13 feet distant from the one-sixteenth corner of northeast quarter, Section 13, Township 24 north, Range 5 east, W.M., King County, Washington; thence north 28 deg. 33 min. 56 sec. east 84.08 feet; thence north 7 deg. 41 min. 19 sec. west 305.34 feet; thence north 15 deg. 59 min. 39 sec. east 45.64 feet; thence north 11 deg. 34 min. 58 sec. east 166.8 feet; thence north 1 deg. 23 min. 08 sec. east 198.99 feet and the end of this line description. Parcel "A": That portion of government Lot 2, Section 13, Township 24 North, Range 5 east W.M., in King County, Washington, more

particularly described as follows; to-wit: Beginning at a point 32.55 feet north and 30.0 feet west of the southeast corner of government Lot 2, as above described and marked by an iron pipe; thence north 85 deg. 19 min. 40 sec. west 165.33 feet; thence north 53 deg. 10 min. west 44 feet; thence north 575 feet; thence west 50 feet; thence north to the north line of said Lot 2; thence easterly along said north line to a point due north of the point of beginning; thence south to the point of beginning; together with second class shore lands adjoining; excepting therefrom the following described parcel of said government Lot 2, to-wit: Beginning at a point 574 feet north and 205 feet west of the southeast corner of Government Lot 2 to a point due north of the point of beginning; thence south to the point of beginning; together with second class shorelands adjoining. Parcel "B": The South 485 feet, as measured along the west line, of the following: That portion of the west 30 feet of the east 260 feet of Government Lot 2, Section 13, Township 24 north, Range 5 east, W.M., in King County, Washington, lying northeasterly of the northerly margin of West Lake Sammamish Boulevard as established in Volume 25, Commissioner's Records, Page 108. (Strandvik – recording no. 7507020609)

3. Right of way easement for a drainage pipe (42" in diameter) over, through, across and under the property hereinafter described, situated in King County, Washington, being more particularly described as follows: That portion of government Lot 2, Section 13, Township 24 North, Range 5, East Willamette Meridian, King County, Washington, more particularly described as follows: to-wit; beginning at a point 32.55 feet North and 30.0 ft. west of the Southeast corner of Government Lot 2, as above described and marked by an iron pipe; thence north 85 deg. 19 min. 40 sec. west, 165.33 feet; thence north 53 deg. 10 min. west 44 ft.; thence north 575 ft.; thence west 50 ft.; thence North to N. Line of said Lot 2; thence easterly along said north line to a point to a point due north of the point of beginning; thence south to the point of beginning; together with second class shore lands adjoining; excepting therefrom the following described parcel of said government Lot 2, to-wit; beginning at a point 574 ft. north and 205 ft. west of the southeast corner of Government Lot 2, thence west 25 feet; thence north 50 ft; thence west 50 ft; thence north to the north line of said Government Lot 2 to a point due north of the point of beginning thence south to the point of beginning; together with second class shorelands adjoining. Also the portion of Tacoma Avenue in Strandvik Addition unrecorded ling southerly of a line 485 feet more or less northerly of northerly margin of Lake Sammamish Blvd. as measured along the west line. EASEMENT: Southern portion: that portion of the above described property included within a strip of and 20 feet in width, being 10 feet on both sides of the following described centerline: Beginning at a point 32.55 feet north and 30.0 feet west of the southeast corner of Government Lot 2; thence N. 43 deg. 18 min. 32 sec. W. 75.0 feet to a point which is the end of this description. Northern portion: that portion of the above described property included within a strip of land 17 feet in width, being 10 feet on the westerly side and 7 feet on the easterly side of the following described centerline: beginning at a point 574 feet north and 205 feet west of the southeast corner of Government Lot 2; thence west 17.61 feet; thence S. 21 deg. 34 min. 28 sec. W. 60.01 feet; thence S. 11 deg. 11 min. 12 sec. E (cont. on attachment). (Chandler – recording no. 7412200341)

4. Right of way easement for a drainage pipe 12" in diameter over, through, across and under the property hereinafter described, situated in King County, Washington, said easement being more particularly described as follows: That portion of the following described Parcel "A" lying within a strip of land twenty (20) feet wide, being ten (10) feet on each side of a line described as follows: Beginning at a point which is North 74 deg. 59 min. 52 sec. West 243.13 feet distant from the one-sixteenth corner of the Northeast quarter, Section 13, Township 24 North, Range 5 East, W.M., King County, Washington; thence North 28 deg. 33 min. 56 sec. East 84.08 feet; thence North 7 deg. 41 min. 19" West 305.34 feet; thence North 1 deg. 23 min. 08 sec. East 198.99 feet and the end of this line description. Parcel "A": That portion of Government Lot 2, Section 13, Township 24 North, Range 5 East, W.M., in King County, Washington, described as follows: Beginning at a point 574 feet North and 205 feet West of the Southeast corner of Government Lot 2, to a point due North of the point of beginning; thence South to the point of beginning; TOGETHER WITH second class shorelands adjoining. (Galer)

5. Right of way easement for a drainage pipe over, through, across and under the property hereinafter described, situated in King County, Washington, said easement being more particularly described as follows: Beginning at a point, which is north 74 deg. 59 min. 52 sec. west 243.13 feet distant from the one-sixteenth corner of the northeast quarter, Section 13, Township 24 North, Range 5 east, W.M., King County, Washington; thence north 28 deg. 33 min. 56 sec. east 84.08 feet; thence north 7 deg. 41 min. 19 sec. west 305.34 feet; thence north 15 deg. 59 min. 39 sec. east 45.64 feet; thence north 11 deg. 34 min. 58 sec. east 166.80 feet; thence north 1 deg. 23 min. 08 sec. east 198.99 feet and the end of this line description. Parcel "A": That portion of government Lot 2, Section 13, Township 24 North, Range 5 East, W.M., in King County, Washington, more particularly described as follows; to-wit: Beginning at a point 32.55 feet north and 30.0 feet west of the southeast corner of government Lot 2, as above described and marked by an iron pipe; thence north 85 deg. 19 min. 40 sec. west 165.33 feet; thence north 53 deg. 10 min. west 44 feet; thence north 575 feet; thence west 50 feet; thence north to the north line of said Lot 2; thence easterly along said north line to a point due north of the point of beginning; thence south to the point of beginning; together with second class shorelands adjoining; excepting therefrom the following described parcel of said government Lot 2, to-wit: Beginning at a point 574 feet north and 205 feet west of the southeast corner of Government Lot 2, thence west 25 feet; thence north 50 feet; thence west 50 feet; thence north to the north line of said Government Lot 2; thence easterly along said north line of said Government Lot 2 to a point due north of the point of beginning; thence south to the point of beginning; together with second class shorelands adjoining. Parcel "B": The south 485 feet, as measured along the west line, of the following: That portion of the west 30 feet of the east 260 feet of Government Lot 2, Section 13, Township 24 North, Range 5 east W.M., in King County, Washington, lying northeasterly of the northerly margin of West Lake Sammamish Boulevard as established in Volume 25, Commissioner's Records, Page 108.

#### System LS 5

1. A portion of Government Lot 4, Section 12, Township 24 North, Range 5 East, W.M., said portion being more particularly described as follows: Beginning at the south quarter corner of said Section 12; thence north 1 deg. 33 min. 28 sec. East along the north-south center line of said Section 12 a distance of 471.27 feet to intersection with the northeasterly margin of West Lake Sammamish Boulevard (Secondary State Highway 2-D); thence northwesterly along said northeasterly margin on a curve concave to the southwest with a radius of 905.37 feet through a central angle of 13 deg. 28 min. 00 sec. a distance of 183.262 feet to a point on a tangent line, thence North 47 deg. 21 min 14 sec. West a distance of 19.862 feet to the True Point of Beginning of the tract of land being herein described; thence North 42 deg. 05 min. 16 sec. East along an existing fence line to the shoreline of Lake Sammamish; thence north-westerly along said shoreline to a point on said shoreline distant 163 feet as measured at right angles from the existing fence line; thence South 42 deg. 05 min. 16 sec. West parallel with said existing fence line a distance of 137 feet, more or less, to intersection with the northeasterly margin of West Lake Sammamish Boulevard; thence southeasterly along said northeasterly margin to the True Point of Beginning, TOGETHER WITH the second-class shorelands adjoining thereto, a permanent easement over, across, along, in, upon and under the following described portion of the above-described property: The northwesterly 10 feet thereof, EXCEPT the southwesterly 67 feet. (Municipality of Metropolitan Seattle, recording no. 7508050447.)

2. Easement and right-of-way for the purposes hereinafter stated across the following described property: A parcel of land in Government Lot 4, Section 12, Township 24 N., Range 5 East, W.M., lying north of the County Road and West of the Shoreline Road also a portion of said Government Lot 4 lying south of the County Road and west of a line beginning 1030.56 feet west of the south  $\frac{1}{4}$  corner of said Section 12; thence north 6 deg. 00 min. 00 sec. east 351.40 feet; thence north 24 deg. 00 min. 00 sec. east 268.80 feet; thence north 3 deg. 33 min. 18 sec. west to County Road, also a portion of said Government lot 4 lying easterly of the shoreline road and the shorelands adjacent less the portion southeasterly of a line beginning at the south  $\frac{1}{4}$  corner of said Section 12, thence North 434.3 feet; thence northwesterly along old County Road 201 min. to the true point of beginning of this limiting line; thence North 10 deg. 25 min. 00 sec. West magnetic bearing to the shore of the lake less the following, including shorelands adjacent; beginning at a point 471.27 feet north of the south  $\frac{1}{4}$  corner of said Section 12, thence northwesterly along the road 203.124 feet to the true point of beginning; thence N 42 deg. 05 min. 16 sec. East along a fence line to the shore of the lake; thence northwesterly along the shoreline to a point 163 feet measured at right angles to the fence line thence South 42 deg. 05 min. 16 sec. west 137 feet more or less to the road thence south easterly along the road to the true point of beginning. EASEMENT: That portion of the above described parcel of land included within a strip of land 20 feet in width, being 10 feet on both sides of the following described centerline: beginning at a point which is North 13 deg. 38 min. 21 sec. West 803.52 feet from the South  $\frac{1}{4}$  corner of said Section 12; thence North 87 deg. 30 min. 40 sec. West 250 feet more or less to a point on the northerly margin of the shoreline road. Said easement and right-of-way are for the following purposes: The right to enter upon the above described land to construct, reconstruct, maintain and re pair a bank protection and/or other flood control works, including all

appurtenances thereto, together with the right of trim, cut, fell and remove all such trees, brush and other natural growth and obstructions as are necessary to provide adequate clearance and to eliminate interference with, or hazards to the structures. (Vasa Home Assoc. - recording no. 7508050446.)

#### System LS 6

1. Easement and right-of-way described below for the purposes hereinafter stated, over, through, under, along and across that certain parcel of land situated in King County, State of Washington, described as follows: Lot 1, Wilson – Koerber Addition. Easement: That portion of Lot 1 included within the following described line: Beginning at a point on the west line of said Lot 1 which is forty six feet southerly from the northwest corner; thence northerly to the said northwest corner; thence east to the northeast corner of said Lot 1; thence southwesterly to the point of beginning. Said easement and right-of-way is for the following purposes: the right to enter upon the above described land to construct, reconstruct, maintain and repair a stream channel and/or other flood control works, including all appurtenances thereto, together with any enlargement or reconstruction thereof, and to trim, cut, fell and remove all such trees, brush and other natural growth and obstructions as are necessary to provide adequate clearance and to eliminate interference with, or hazards to the structures. (Phebus – recording 7108060594.)

2. Stream Improvement Easement. Easement and right-of-way described below for the purposes hereinafter stated, over, through, under, along and across that certain parcel of land situated in King County, State of Washington, described as follows: Lots 5 and 6, Wilson-Koerber Addition. Easement: A strip of land, fifteen feet in width, being seven and one-half feet on both sides of the following described centerline: Beginning at a point on the State Highway Right-of-way line twenty nine feet south of the southwest corner of said Lot 6; thence N62 deg. E eighty one feet to a point which is nine and one-half feet north of the south line of said Lot 6; thence east sixty six feet to a point; thence N66 deg. E seventy feet to a point; thence N 80 deg. E one hundred one feet to a point; thence N60 deg. E forty one feet more or less to a point on the north line of said Lot 5 which is three hundred twenty four feet east of the northwest corner of said Lot 5 and the end of this description. Also, the reasonable access to this easement for necessary maintenance work when required over adjacent property, including driveway. Said easement and right-of-way is for the following purposes: the right to enter upon the above described land to construct, reconstruct, maintain and repair a stream channel and/or other flood control works, including all appurtenances thereto, and to trim, cut, fell and remove all such trees, brush and other natural growth and obstructions as are necessary to provide adequate clearance and to eliminate interference with, or hazards to the structures. RE: **INVOICE**  
King County Flood Control District  
July 1 to 31, 2012

Cocker Fennessy provided the following communications/public affairs services to the King County Flood Control District during this period. Activities are detailed below.

#### Services - General

- Coordinate media and constituent inquiries
- Coordinate with WLRD and review Flood Control District related material
- Update communications protocols and coordinate approval
- Participate in weekly communications call with DNRP; provide summary to Executive Committee staff
- Maintain project website

Task	Rate	Hours	Fees
Partner (Faucett)	\$200.00	6.00	\$1,200.00
Principal (Cocker)	\$200.00	1.50	\$300.00
Senior Associate (Lund)	\$155.00	0.75	\$116.25
Associate (Gunnell)	\$125.00	1.25	\$156.25
Associate (Hicks)	\$125.00	0.50	\$62.50
<b>General Services Subtotal</b>			<b>\$1,835.00</b>

#### Services – Special Projects

- Finalize, print and distribute letters to Congressional delegation
- Coordinate Green River sandbag removal news conference, including coordinating venue logistics and making site visit; securing participants; coordinating with Flood Control District staff, Green River jurisdictions and DRNP/Executive; developing internal planning documents, news media advisory and release, and speaking points; making media calls and responding to inquiries; and setting-up, staffing and performing event follow-up tasks

... Services – Special Projects Continued ...

Task	Rate	Hours	Fees
Partner (Faucett)	\$200.00	19.5	\$3,900.00
Associate (Hicks)	\$125.00	5.50	\$687.50
<b>Special Projects Services Subtotal</b>			<b>\$4,587.50</b>
<b>TOTAL AMOUNT FOR THIS INVOICE</b>			<b>\$6,422.50</b>

Thank you!

Cocker Fennessy is a Washington corporation.

## Snoqualmie Watershed Forum 2012 CWM Grant Program Recommendation

WRIA	Project Name	Project Sponsor	Project Description	Match Funding	CWM Request
7	Snoqualmie at Fall City - Upper Carlson Floodplain Reconnection CWM 12-SF-1	King County	Restore floodplain habitat along the mainstem Snoqualmie River by removing and setting back 1600 feet of levees and revetments on King County land. This critical Chinook salmon restoration project is a high priority in the Snohomish Basin Salmon Conservation Plan.	\$2,068,207	<b>\$200,000</b>
7	2013 Snoqualmie Restoration and Project Assistance Program CWM 12-SF-2	King County (on behalf of the Forum and the Cities)	Provide project assistance, project related outreach, and regional coordination to implement the Snohomish River Salmon Conservation Plan in King County portion of WRIA 7. Direct project assistance includes design review, grant writing and project coordination.	\$39,690	<b>\$98,000</b>
7	Snoqualmie Riverfront Reach Acquisition CWM 12-SF-3	City of Snoqualmie	Continue an on-going city effort to purchase riverfront properties along the Snoqualmie River with the multiple benefit of habitat protection, future restoration, and flood hazard reduction. To date the city has purchased 28 parcels and plans to target three more.	\$173,000	<b>\$72,000</b>
7	Stillwater Wildlife Area Riparian Restoration CWM 12-SF-4	Ducks Unlimited	As part of the larger Stillwater Floodplain Restoration Project, Ducks Unlimited will provide construction management for the overall project, stakeholder outreach, and restore 1200 feet of riparian area.	\$735,110	<b>\$65,889</b>
7	Tolt River Priority Acquisitions CWM 12-SF-5	King County	Acquisition of at least 2 parcels along the lower Tolt River that will lead to high priority mainstem Chinook restoration projects.	\$250,000	<b>\$50,000</b>
7	Kimball Creek Water Quality Improvement Project Phase 2 CWM 12-SF-6	Snoqualmie Tribe	Work with three landowners to remove invasive plants and restore native plants along Kimball Creek near the City of Snoqualmie in the Upper Snoqualmie Basin. Restoration will involve 0.3 acres and 315 linear feet of creek.	\$975	<b>\$8,131</b>
7	McCormick Park Cooperative Maintenance Project CWM 12-SF-7	Sound Salmon Solutions	Maintain existing restoration projects at Duvall's McCormick Park along the Snoqualmie River. The riparian restoration projects are more than 3 years old and have experienced unforeseen flood and beaver related site damage.	\$31,500	<b>\$29,990</b>
7	Snoqualmie Restoration Initiative CWM 12-SF-8	Stewardship Partners	Restore riparian areas on three farms in the lower Snoqualmie Valley including: along lower Cherry Creek, at the mouth of Ames Creek and along the mainstem Snoqualmie River.	\$60,400	<b>\$44,000</b>
7	Tollgate Farm E. Bookend NW Parcel Weed Control Project: Phase 2 CWM 12-SF-9	City of North Bend	Continue work to restore North Bend's Tollgate Farm Bookend property including removal of a minimum of 8 acres of invasive weeds. 1000 conifers will be planted in the phase 1 area east of Ribary Creek.	\$12,000	<b>\$31,990</b>

Total Match Leverage \$3,370,882

Recommended CWM Grant Request Total

**\$600,000**

## WRIA 8 2012 CWM Grant Program Funding Recommendations

WRIA	Project Name	Project Sponsor	Project Description	Match Funding	CWM Grant Funding
8	Riverbend Acquisition (Cedar River) CWM 12-8-1	King County	This project will acquire the 18.6 acre Riverbend mobile home park along the Cedar River in Maple Valley for future restoration of important floodplain habitat. Acquiring this property fills a gap in publicly-owned habitat along the left bank of the Cedar River and enables future levee setback and floodplain restoration opportunities.	\$6,084,000	<b>\$750,000</b>
8	Cedar River Stewardship-in-Action: Focus on Invasives CWM 12-8-2	Seattle Public Utilities	This project will build on Seattle Public Utilities' existing effort with Forterra and the Friends of the Cedar River Watershed to remove invasive species and restore riparian ecosystems in the lower Cedar River Watershed. Stewardship-in-Action will focus on invasive species identification and eradication, replanting treated areas, and outreach and education of river-front property owners.	\$67,200	<b>\$61,312</b>
8	WRIA 8 Fish In/Fish Out Monitoring 2013 CWM 12-8-3	King County	This monitoring effort will track the number of Chinook salmon on the spawning grounds and trap juvenile Chinook migrating out of the Cedar River to assess the productivity of habitat in WRIA 8 for sustaining Chinook salmon. These data are provided to stakeholders annually to help understand if recovery goals outlined in the WRIA 8 Salmon Recovery Plan are being met.	\$182,646	<b>\$299,141</b>
8	Cedar River Salmon Journey 2013 CWM 12-8-4	Friends of the Cedar River Watershed	The Cedar River Salmon Journey educates watershed residents about salmon ecology and watershed health. Trained community volunteers make family-friendly riverside presentations to the public in the fall at several locations on the Cedar River and at the Hiram Chittenden Locks in the summer.	\$71,207	<b>\$33,017</b>
8	Beach Naturalists Program 2013 CWM 12-8-5	Seattle Aquarium	The Beach Naturalist Program engages and educates Puget Sound citizens how to protect and conserve the marine and nearshore environment, including the vital role the nearshore plays as habitat for salmon rearing and migration. Volunteers are trained and scheduled to work on ten local beaches between 13 and 16 days during spring and summer.	\$57,793	<b>\$12,600</b>
8	Salmon Watcher Program 2013-2014 CWM 12-8-6	King County	The Salmon Watcher Program involves eight cities in WRIA 8 working together with King County to recruit and train watershed residents about local salmon and salmon conservation issues. The program collects data on salmon presence in streams and educates citizens and streamside residents about salmon and streams in their watershed.	\$43,174	<b>\$43,930</b>

Total Match Leverage \$6,506,020

Recommended CWM Grant Request Total	<b>\$1,200,000</b>
-------------------------------------	--------------------

## WRIA 9 2012 CWM Grant Program Recommendation

WRIA	Project Name	Project Sponsor	Project Description	Match Funding	CWM Request
9	Miller-Walker Creeks Monitoring CWM 12-9-1	King County DNRP	This grant is to support the first year of monitoring that was identified in the Miller Walker Basin Monitoring and Sampling Analysis Plan. This will allow the jurisdictions to target flow issues, address water quality problems and assess habitat conditions.	\$5,400	<b>\$21,871</b>
9	YMCA Earth Service Corps CWM 12-9-2	YMCA of Seattle	YMCA staff and student leaders will organize at least ten environmental restoration projects to help improve salmon habitat with the objective of increasing awareness of local watersheds, salmon dependent habitat, and local environmental issues	\$33,348	<b>\$12,000</b>
9	Sound Stewardship and Adaptive Management CWM-9-3	People for Puget Sound	Train 20 new Sound Stewards to monitor and maintain four restoration sites in the Duwamish River Estuary . Host a total of 26 restoration events that will maintain of 7.5 restored acres through invasive weed removal and suppression.	\$3,000	<b>\$15,000</b>
9	Duwamish Gardens Construction CWM 12-9-4	City of Tukwila	Create shallow water habitat on a 2.16 acre site on the right bank of the Duwamish River immediately downstream of river mile 7.0. The project site is in the high priority "transition zone" between fresh and salt water, and provides the right salinities to transition to salt water.	0	<b>\$500,000</b>
9	Fenster Levee Setback Construction CWM 12-9-5	City of Auburn	This funding will match over \$900,000 in SRFB, PSAR, and King Conservation District funds towards the final design and construction of a levee setback along an 800-foot reach of the Green River. This will provide for a larger channel migration zone.	\$931,456	<b>\$300,000</b>
9	Duwamish Riparian Revegetation (Year 1) CWM 12-9-6	King County DNRP	Funding from this grant would be directed toward removing invasive vegetation and planting native trees and shrubs within the riparian zone of the Duwamish River in partnership with public and private property owners. The project is within the City of Tukwila, Rivermile 5.3-11.	\$0	<b>\$53,619</b>
9	Engaging Water Heroes for Puget Sound CWM 12-9-7	Environmental Science Center	The Environmental Science Center will provide classes and field studies on salmon recovery, watershed function, and water pollution with a focus on individual responsibility and actions to conserve and protect salmon habitat and water quality. The program serves Highline, Kent, Renton, Auburn, Federal Way, Seattle, and Tukwila schools	\$27,051	<b>\$30,000</b>
9	WRIA 9 Capital Projects Implementation/Administration CWM 12-9-8	King County DNRP	The WRIA 9 Project Implementation provides resources to project sponsors, including local jurisdictions and non-profit organizations, in order to get high priority projects completed in a consistent and timely manner.	\$0	<b>\$140,000</b>
9	Green River Smolt Trap - Smolt Monitoring CWM 12-9-9	Washington Department of Fish and Wildlife	This funding will contribute towards operation of the Green River screw trap, located on the Middle Green River at Rivermile 34.5. The focus of this project is to estimate the number of naturally-produced Puget Sound Chinook originating from this river system and is part of a long-term monitoring effort.	\$60,000	<b>\$60,000</b>

**King County**

**Larry Phillips**

Councilmember, District Four

**Metropolitan King County Council**

August 8, 2012

The Honorable Julia Patterson  
Chair  
King County Flood Control District Board of Supervisors  
516 Third Avenue, Room 1200  
Seattle, WA 98104

Dear Supervisor Patterson,

I strongly urge that the King County Flood Control District (FCD) continue plans to fund acquisition of the Riverbend property along the Cedar River in Maple Valley, as previously approved as part of the FCD capital budget.

I understand that due to projected deficits in the FCD capital budget in upcoming years, the King County Water and Land Resources Division and FCD are exploring options for trimming projects from the capital project list; one possible project being looked at for elimination or reduction is the Riverbend acquisition. I strongly advise the FCD to retain funding for this project.

Riverbend is a privately owned 18.6 acre mobile home park along the Cedar River proposed for acquisition and future floodplain and salmon habitat restoration. The property is a high priority in the Flood Hazard Management Plan for flood and erosion risk reduction, as well as a high priority habitat acquisition project in the WRIA 8 Plan. Acquiring this property fills the final gap in a five mile stretch of publicly owned property along the left bank of the Cedar River floodplain between the Elliot Bridge Reach and Belmondo Natural Area. With the owner of the property poised to sell it, we now have a rare opportunity to acquire this final piece of private property and to reduce flood risk and restore habitat.

The 27 jurisdictions of the WRIA 8 Salmon Recovery Council recently awarded the majority of their available grant funding for 2012 to the Riverbend acquisition to provide matching funds for FCD and various other funding sources in order to make the purchase. The decision of the Salmon Recovery Council jurisdictions to prioritize Riverbend over most other projects in the watershed speaks volumes to the regional significance of this acquisition on the Cedar River. Yet despite a successful collaborative regional effort to piece together funding for this acquisition, without the FCD money, the purchase will likely not go through, and we may lose this once-in-a-generation opportunity to place this floodplain property into public ownership.

Please feel free to contact me with any questions. Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Larry", written over the word "Sincerely,".

Seattle, WA 98104

Honorable Suzette Cooke, Mayor  
City of Kent  
220 4th Avenue South  
Kent, WA 98032

Dear Executive Constantine and Mayor Cooke:

The National Oceanic and Atmospheric Administration's National Marine Fisheries Service (NOAA Fisheries) is writing to support levee set-back proposals for the Briscoe-Desimone Levee Repair Project.

Approved salmon recovery plans for the Green-Duwamish River highlight the need for restoring a measure of floodplain function, e.g., setting back levees and planting riparian trees, where feasible. Maintaining the river within close confinement by existing levees is counter to recovery of Chinook salmon habitats and likely to trigger more maintenance costs and adverse environmental impacts long term.

In addition to fostering recovery of federally protected salmon and steelhead, levee setbacks would help implement functional floodplains that are consistent with our agency's position on the National Flood Insurance Program.

Therefore, NOAA Fisheries supports a design for the Briscoe-Desimone Project that constructs a new levee setback from the river, instead of the alternative proposal which involves construction of concrete floodwall sections on the back side of the existing stream bank levee that would be maintained in place.

We believe a new levee that is set an adequate distance away from the stream bank will provide habitat benefits compared to the floodwall alternative, which would maintain non-functional conditions.

From our perspective the City of Kent has already demonstrated willingness for collaborative salmon conservation by completing the Clark Springs Water Supply Habitat Conservation Plan, which we signed together last year. As partners with the City and King County in salmon conservation, we encourage the City to continue to manage their properties in ways that foster salmon conservation and provide wider floodplains that can accommodate floods and better protect people. Setting back the levee instead of building flood walls is consistent with that approach.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven W. Landino". The signature is fluid and cursive, with the first name "Steven" being more prominent and the last name "Landino" following in a similar style.

## **Request for Proposal for Expert Engineering Independent Third-Party Review Services**

**Subject Project: Briscoe Desimone Levee Design, Green River Basin, State of Washington**

**Client: King County Flood Control District**

The King County Flood Control District (District) is seeking proposals and qualifications to provide independent expert engineering third-party review services for the District. Specifically, the District is seeking independent expertise to evaluate two different engineering solutions to flood control along the Green River in Kent, Washington. The District is seeking an independent engineering expert who has experience in the following minimum areas: interpreting the US Army Corps of Engineers (Corps) Guidelines for levee design; flood I-wall and levee setback designs; factors of safety; FEMA levee certifications, and the ability to translate technical engineering information for elected officials.

We invite your firm to submit a proposal to us by noon, August 20, for consideration. Interviews are tentatively scheduled for August 22-23. A recommendation will be made to the District's Executive Committee at their August 27 meeting. The draft of the final report from the selected consultant is due October 5. The consultant will be expected to attend the October 22, 2012 meeting of the District Executive Committee scheduled for 3:00 p.m. A final report is due by October 31, 2012.

A description of our organization, the services needed, budget, and other pertinent information follows:

### **Background of the King County Flood Control District**

The King County Flood Control District was established in April 2007 by [ordinance 15728](#) of the Metropolitan King County Council to protect public health and safety, regional economic centers, public and private properties, and transportation corridors. The district is instrumental in addressing the backlog of maintenance and repairs to levees and revetments, acquiring repetitive loss properties and other at-risk floodplain properties, and improving countywide flood warning and flood prediction capacity.

Overarching countywide strategies and objectives include:

- Improving levee protection through major commercial, industrial and residential areas;
- Improving flood water conveyance and capacity;

**Board of Supervisors:** Julia Patterson, Chair • Reagan Dunn, Vice Chair  
Bob Ferguson • Larry Gossett • Jane Hague • Kathy Lambert • Joe McDermott • Larry Phillips • Pete von Reichbauer  
Executive Director: Kjrstine Lund

- Reducing hazards by removing flood, erosion, and landslide prone residential structures, and
- Providing safe access to homes and businesses by protecting key transportation routes.

The King County Flood Control District (KCFCD) is an independent special purpose district of the State of Washington, as authorized by Chapter 86.15 of the Revised Code of Washington (RCW). RCW 86.15 authorizes the King County Council to be the District's board of supervisors, the governing body for the KCFCD. In addition, the District's governance structure is comprised of an advisory committee, King County staff, and basin technical committees.

The 2006 King County Flood Hazard Management Plan outlines a flood prevention project list that will cost an estimated \$350 million over ten years. The plan is funded by a property tax assessment of 10 cents per \$1,000 of assessed valuation, raising about \$35 million per year for levee repairs. The Flood Hazard Management Plan is currently being updated.

### **Your Response to This Request for Proposal**

In responding to this request, we request the following information:

1. Detail your firm's experience in providing engineering third party review expertise to special purpose governments with responsibilities for operating services and making capital investments.
2. Detail your experience working on major capital projects for flood control including levees, setback levees, flood walls, and draw-downs.
3. Detail your experience using Corps guidelines for levee construction.
4. Detail your experience working on flood control projects with hydrology similar to that found in the Green River Basin.
5. Describe how your firm will approach the scope of work described in the next section.
6. Provide resumes for all staff to be assigned to this project.
7. Set forth your fee proposal for the period from September 1 –October 31, 2012, including standard billing rates for classes of professional personnel.
8. Provide the names and contact information for three professional references.
9. Describe how and why your firm is different from other firms being considered, and why our selection of your firm is the best decision we could make.
10. Provide assurances that there is no conflict of interest with respect to your firm performing engineering analysis for King County or the City of Kent on flood-related projects, from 2010 – 2012.

### **Evaluation of Proposals**

The King County Flood District will evaluate proposals on a qualitative basis.

Please hold August 22 and 23 for potential interviews.

Please submit your response to this request for proposal by 5:00 p.m. August 20, 2012

Please submit one electronic copy and 9 hard copies to:

Anne Noris  
King County Flood District

### **REQUESTED SCOPE OF WORK**

**PROJECT NAME: Briscoe Desimone Levee Third Party Review**

**King County Flood Control District, Executive Director** Kjristine Lund  
**Phone:** 206.442.4254

---

### **DESCRIPTION OF WORK / PROJECT OBJECTIVES**

#### **PROJECT LOCATION**

The study area is a 2.45 mile reach of the Green River along which four levee improvement projects are planned. The City of Kent and King County generally agree on the sections of this reach that need to be improved. There are differences related to the best technical solution: the use of floodwalls or setback levees to achieve the flood risk reduction goal.

- **King County: Setback Levee proposal**
- **City of Kent: Floodwall proposal (I-wall)**

The sections of levee are referred to as follows:

Reach #1 – Desimone  
Reach #2 – Briscoe North  
Reach #3 – Briscoe South  
Reach #4 – South 200<sup>th</sup> Street

The lower Green and Duwamish River levees and revetments form a nearly continuous bank protection and flood containment system from the City of Auburn to the mouth of the Duwamish River. By restraining floodwaters from the commercial and industrial areas of Southcenter in the City of Tukwila, and the industrial and warehousing businesses in the City of Kent and other nearby areas, these flood protection facilities collectively protect what may be the highest land and improvement values in any floodplain area in King County. Therefore these flood protection facilities may have the highest consequence of risk associated with any potential failure. (2006 King County Flood Hazard Management Plan, page 232.)

Recent updated technical analysis by the Corps has reduced the assumed flood storage capacity of Howard Hansen Dam. In addition, anticipated FEMA maps have caused business owners and city officials concerns about flood insurance requirements. As a result of the mapping and insurance concerns, the City of Kent is pursuing certification of the levees within its borders.

#### **TIMING OF ACTIONS**

The project that has precipitated the need for the District to obtain expert independent third-party review is centered on Reach #3, the Briscoe Levee South.

1. King County would like to proceed with purchasing property for the Briscoe Levee South that is on the market for voluntary sale. The City of Kent strongly opposes this acquisition.
2. The State of Washington awarded a \$7 million grant to the Flood District based on a request made by the City of Kent for use on any project within this 2.45 mile reach. The State requires these funds to be obligated by July 2013 or the funding may be withdrawn. King County would like to use a portion of these funds for property acquisition.
3. Due to the property acquisition, the state grant, and Kent's desire to move swiftly on levee certification, a decision is needed on the best solution for the levees along this reach. Flood District funding for projects along this reach are part of the District's CIP budget which the District must adopt by the end of November 2012.

## **GOALS OF THE TWO APPROACHES TO THE BRISCOE DESIMONE LEVEE**

### **Kent I-Wall Goals**

1. The City of Kent has the goal of achieving certification of the levees along this reach, in addition to other areas along the Green River.
2. Kent also has the goals of protecting their business base by not using levee setbacks because setback levees take productive land out of the tax base.
3. Kent reports that their I-wall project design can be achieved at a significantly lower cost and achieved sooner than King County's setback levee approach.

### **King County Levee Setback Goals**

1. King County is proposing a levee setback design in order to provide for greater flood risk reduction by achieving a 500 year-level of safety.
2. Consistent with Flood District policies, King County would like to take advantage of the property acquisition opportunity while there is a willing seller and empty buildings. Acquiring property now would represent a cost savings and would also avoid a condemnation action in the future.
3. King County is striving to achieve multiple objectives. In addition to public safety, their project design will meet fish habitat goals.

### **King County Flood Control District Goals**

1. The District funds flood protection projects countywide. The District is interested in finding a cost-effective solution to flood risk reduction along the Green River that will provide for public safety and the protection of property.
2. The District staff is unable to formulate a recommendation to the Board of Supervisors based on the information provided to the District by the City of Kent and King County. The City of Kent and King County disagree about the interpretation of the Corps guidelines for levee construction; the cost estimates for the respective proposals; the weaknesses of each proposal, and the public safety risks.
3. The very significant cost-differential between the two proposals has resulted in the District's Executive Committee seeking this third party review to assist the District in making a decision about which levee design proposal to fund.

## **TECHNICAL BACKGROUND**

### **City of Kent's I-wall Proposal:**

The City of Kent is proposing an I-wall approach. There is ambiguity about whether or not the City of Kent's proposal achieves a 100 or 500-year flood safety level. They propose starting with Reach #3, the Briscoe South levee, in 2013 at an estimated construction cost of \$7.5 million. Building floodwalls for each of the four reaches from South 200<sup>th</sup> Street to the Desimone levee would cost approximately \$17 million according to Kent estimates.

### **King County's levee setback Proposal:**

King County is proposing a series of setback levees to achieve a 500-year flood safety level along a 2.45 mile reach of the Green River from South 200<sup>th</sup> Street to the Desimone levee. (Referred to as reaches 1-4. See page 3.). King County's approach will require buying property that is in commercial and industrial use. King County proposes to phase the project to achieve their plan for Reach #3 Briscoe South, by 2015, with acquisition beginning in 2012. King County estimates up to \$26 million for the Briscoe South setback levee. Completion of all four reaches on the Kent side, from South 200<sup>th</sup> to the Desimone levee, would include 4 setbacks for a total cost of \$53-63 million and will take up to 20-years under the current capital program and revenue forecasts.

## **DESIRED START AND END DATES FOR THE THIRD PARTY REVIEW**

Start: No later than September 1, 2012

Deliverable due date: October 5, 2012 – draft of final report

End: October 31, 2012 – completed final report

## **TASKS AND WORK PRODUCTS**

### **Task 1 – Review Analysis and Design Elements for the Kent and King County levee proposals**

The Consultant will review both proposed levee designs to evaluate conformance of the reported analysis elements and results with Corps design guidelines and standard level of best practices.

- Evaluate conformance of the proposed designs with Corps design criteria.
- Evaluate the seepage and slope stability analysis of the proposed designs by King County and the City of Kent.
- Evaluate the transition areas between the floodwall and existing earthen levee.

- Evaluate whether vegetation would be allowed on the City of Kent levee design under Corps guidelines.
- Evaluate drawdown analysis and provide recommendations on what factor(s) of safety is/are appropriate.
- Provide a determination regarding the necessity of seismic analysis and why this analysis is or is not required.
- Prepare a list of concerns, questions, and specific areas of nonconformance (if any).
- Participate in four conference calls or in-person meetings with the Executive Director and Executive Committee staff including:
  - Kick off meeting to discuss project layout, review goals, and identify any additional concerns.
  - Following review of the two levee design proposal documents and completion of independent calculations.
  - Following delivery of draft third party review documentation.
  - In advance of the final report submittal.
  - Each conference call is anticipated to be 90 minutes in duration.

**Task 2 – Identify Factors of Safety and Risks of Each Levee Proposal**

- Identify the risks of each levee design.
- Identify and explain the factors of safety.
- Provide an assessment of the cost estimates provided for each levee design.
- Evaluate differences in assumptions used to create each levee design.
- Identify additional information needed, if any, to reach a conclusion.
- Provide safety and risk criteria and prioritize the levee design proposals using those criteria.

**Task 3 - Prepare Third Party Review Documentation**

- The Consultant will synthesize their review and results and make a recommendation to the District Executive Committee and Board of Supervisors regarding the best option for the District to ensure public safety and the protection of property.

**Task 4 - Project Management/Administration and Quality Control**

- The Consultant is responsible for the management and coordination of the work defined in this Work Assignment. Task 4 represents the labor and expenses associated with scheduling, coordination, and quality control services for this work. The Consultant and its subconsultants (if any) will provide management measures including:

- Monthly invoicing that details time and tasks by personnel.
- Maintenance of project files.
- Regular communication with client regarding progress and budget.

#### **Deliverables**

- Draft report by October 5.
- Final report within one week following receipt of District comments on the draft report (estimated by October 31, 2012).
- Monthly invoices over the term of this work assignment.

#### **Available Budget**

The budget allocated for this project is between, \$15,000 - \$19,900.

**Following are key contacts for information you may seek in preparing your proposal:**

Kjristine Lund	Executive Director	(206) 442-4254

## **Communications Highlights - August 2012**

### **2012-2013 Flood Preparedness Public Outreach Plan**

- Plan covers annual public outreach activities (Flood Awareness Month, media, partnerships, mailings, materials, etc.) to raise awareness about flooding and flood preparedness.
- Draft is being internally reviewed at DNRP; will then be forwarded to the Flood Control District for feedback.

### **Reddington Levee Setback and Extension Project**

- SEPA review is Aug. 22 – Sept. 6.
- Planning to distribute brief news release with concise project update and highlighting opportunities to comment.
- Project web page: <http://www.kingcounty.gov/environment/wlr/sections-programs/river-floodplain-section/capital-projects/reddington-levee-setback-and-extension.aspx>.

### **Home Elevation Video**

- Video explaining the Home Elevation program and capturing testimonials from homeowners who have had positive experiences with the program.
- Draft script developed and goal is to complete video by end of August.
- Confirming/scheduling Chair Patterson and Supervisor Lambert to provide comments. Patterson would likely introduce the program, with Lambert speaking about elevations in her district. Both would encourage participation in the program.
- News release will be drafted/distributed once the video is available.

### **National Weather Service Annual Media Tour**

- Event is put on by the National Weather Service/Ted Buehner.
- The Flood Control District/King County has been invited in past years, but does not drive the program. Steve Bleifuhs has been interviewed as “subject matter expert”. The focus is detailed operations (flood warning center, flood facilities, etc.).
- Tentatively scheduled for September 23.

### **Flood Awareness Month Kickoff Event**

- October is Flood Awareness Month.
- Kickoff event will highlight flood preparedness, particularly efforts to reach vulnerable and non-English speaking populations.
- Joint event with the Flood Control District, King County, and the Red Cross (being invited).
- Date/time/location to allow members to attend prior to weekly council meeting:
  - Date: Monday, Oct. 1
  - Time: 1 p.m.
  - Location: Chinook Office Building – Press Conference Room
- Confirming participation of Flood Control District members. Supervisors Lambert and Dunn have shown interest; Chair Patterson and Supervisor Gossett’s offices are checking schedules. Executive is confirmed.

### **Take Winter by Storm**

- King County is a “full” partner; Flood Control District is a “supporting” partner;
- Launch is planned for Monday, Oct. 8.
- There will most likely be a specific flood-related media event (probably in Nov.).

### **Cedar River Outreach Meeting**

- DNRP is planning a second Cedar River Outreach meeting about flood risk reductions projects in the basin, to be co-hosted by the Cedar River Council.
- Planning for Tuesday, Oct. 23.
- Utilizing last year’s successful format and location.
- Supervisor Phillips made introductory remarks last year. Staff to the CRC is coordinating a CRC speaker for introductory remarks again for this year’s meeting.

August 13, 2012

To: Michael Woywod, Chief of Staff  
Jason King, Director of Government Relations  
Michael Huddleston, Municipal Relations Director  
Anne Norris, Clerk of the Board

FR: Kjristine Lund, Executive Director  
RE: Staff Support to Flood District on WRIA Program

This memo is written to document and set forth the terms of the staff support to be provided to the King County Flood Control District (Flood District) by King County Council central staff, specifically Michael Huddleston, related to Water Resources Inventory Areas (WRIA) funding and shifting that program funding from the King Conservation District (KCD) to the Flood District. Flood District Chair, Julia Patterson, requested that Michael Huddleston provide policy advice and analysis to the Flood District as the Flood District considers its options for assuming the funding of WRIA grants in 2012, and into the future.

On June 5, 2012, Chair Patterson sent an email to Jason King requesting his permission for Michael Huddleston to work on a special project on behalf of the Flood Control District. She wrote, "I would like Mr. Huddleston to work on behalf of the Flood Control District for a limited, part-time basis, to analyze funding options for the WRIs for 2013 and beyond. I expect this work will continue until the Flood Control District adopts our 2013 budget in November."

Chair Patterson informed the Executive Committee of her request and other Executive Committee members asked that I provide a written scope for Michael's services on behalf of the District and that I establish a budget. The time-frame for these services is from June 5 – November 30, 2012. The scope is as follows:

Task 1. Provide an overview presentation to the Board of Supervisors on July 9, 2012 on the subject of WRIA's. (up to 14 hours)

Task 2. Participate in meetings with County staff, cities, KCD, and others on behalf of the District related to the development of options for Flood District funding of WRIA's for 2012 and beyond. (Participation includes reporting back to the Chair, Executive Director, and any other supervisors, or supervisor staff who request briefings. Participation does not include representing any positions on behalf of the Flood District unless specific direction is given by the Flood District Executive Committee to convey a position.) (up to 35 hours)

**Board of Supervisors:** Julia Patterson, Chair • Reagan Dunn, Vice Chair  
Bob Ferguson • Larry Gossett • Jane Hague • Kathy Lambert • Joe McDermott • Larry Phillips • Pete von Reichbauer  
Executive Director: Kjristine Lund

Task 3. Evaluate the options memo to be provided by Water and Land Resources in response to Resolution FCD2012-07.2. Staff the Executive Committee and Board on the analysis by writing a staff report, presenting findings, and recommending alternatives for the Executive Committee and Board's consideration. (up to 20 hours)

Task 4. Coordinate the budget scenarios that relate to options requested by the Executive Committee and Board related to WRIA funding in the District's financial plan, 2013 budget , and six-year CIP. (up to 35 hours)

Task 5. Assist the Executive Director with integrating the WRIA alternatives with the District's work plan, budget, and related resolutions. (up to 16 hours)

The maximum total number of hours is 120. This is an average of 20 hours per month, for a total budget not to exceed \$12,000.

The District requires that its contractors and loaned-staff maintain time sheets and that the time sheets be included when submitting invoices for reimbursement. Council central staff book-keepers compile invoices on behalf of the Council and forward those to Anne Noris, Clerk of the District, to process for payments.

Please let me know if you have any questions or need any clarifications.

Thank you.
